4 REASONS TO TAKE A CLASS THIS FALL

1. ARTS PROMOTE TRUE PROSPERITY

The arts are fundamental to our humanity. They enable and inspire us—fostering creativity, goodness, and beauty. The arts help us express our values, build bridges between cultures, and bring us together regardless of ethnicity, religion, or age. When times are tough, art is salve for the ache.

2. ARTS IMPROVE ACADEMIC PERFORMANCE

Students with an education rich in the arts have higher GPA's and standardized test scores, and lower drop-out rates—benefits reaped by students regardless of socio-economic status. Students with 4 years of arts or music in high school average 100 points better on their SAT scores than students with just one-half year of arts or music.

3. ARTS IMPROVE HEALTH

Nearly one-half of the nation's healthcare institutions provide arts programming for patients, families, and even staff. 78 percent deliver these programs because of their healing benefits to patients—shorter hospital stays, better pain management, and less medication.

4. ARTS SPARK CREATIVITY AND INNOVATION

The Conference Board reports that creativity is among the top 5 applied skills sought by business leaders—with 72 percent saying creativity is of high importance when hiring.
